

Children's University Summer Challenge!

Get creative!

Make art from music! Play some music and draw or paint patterns in response to what you hear. For example, if it's loud you might scribble, or if it's gentle you might make little dots or wavy lines.

Get wordy!

In an acrostic poem, the first letter of each line spells a word. The word is the subject of the poem. Write a poem about summer with each line starting with a letter of the word SUMMER HOLIDAYS.

Get curious!

Write a minimum of ten questions and interview an adult in your life about their job. What does a day in their life look like? Starting from what they have for breakfast to what time they finish their day.

Things to do this Summer!

Each activity is worth 1 credit. To get a stamp code for *Children's University Online* email contactus@childrensuniversity.co.uk with evidence - this could be a photograph, video, a work sheet, or writing about what you did! All activities require adult supervision. The supervising adult is expected to manage all activity risk.

Get cooking!

Use the BBC Goodfood website to find a simple recipe you could cook for your household using the ingredients you have at home.

<https://tinyurl.com/y2tdssf>

Get active!

Get outdoors and get hunting. Take a pen and paper with you and see if you can spot items that start with each letter of the alphabet. Write down what you see, you could even draw pictures!

Children's University Summer Challenge!

Get writing!

What's your favourite song? Listen to it and then write a new verse for your favourite song. If you feel confident, film it or perform it for your household!

Get building!

Challenge your household to see who can make the tallest structure using only waste materials from your home. The winning structure must be able to stand by itself for at least 30 seconds – good luck!

Get researching!

Research a subject you are passionate about. Put together a 5 minute presentation for your household to tell them everything you now know!

Things to do this Summer!

Get imaginative!

Imagine that when you go back to school in September you are the new Headteacher. Create your own school handbook including new school rules, a picture of the new uniform and any other changes you'd want to make!

Get moving!

Think about your feelings over the past week, have you felt happy, excited, sad, bored? Pick some music you like and create a dance that expresses how you feel.

Get outside!

Make a self-portrait collage from natural materials found outside. Have a look around, you could use stones for eyes, leaves for hair, or sticks for arms!
